ALMADÉN

Located in Las Letras Quarter, at the heart of Madrid's Arts Promenade, this site enjoys a privileged location close to Caixa Fórum, with street-level access and three show windows.

The venue has a distinguishing character, with a notably creative accent, conferring it with its own surname: Monbull Corner.

It has been conceived to host events, gatherings, and exhibitions that seek to break free from established norms and transcend the usual formats, lending itself to the creation of unique itineraries and experiences with its two-storey layout and selection of different rooms.
